

January 2015

WE'RE GOING DIGITAL

YOUR HELP AND COOPERATION REQUESTED

Effective January 2015, Suzanne Bruce and Associates will transition from paper to Electronic Medical Records (EMR) at our St. James Place office.

YOUR HELP. We need you to update your demographic and medical information on our online patient portal in advance of your visit. You will receive specific instructions and a security code for the Portal when you make your next appointment. If we have your email address, you will also receive an email with your security code and link to the Portal site. The Portal is also accessible at www.sba-skincare.com.

YOUR SECURITY. Your medical records are private. Our security software ensures that your records are safe.

YOUR PATIENCE. We ask for your understanding over the next few months as we convert to EMR.

YOUR COOPERATION. Utilizing our Portal prior to your appointment will help make sure you are seen on schedule.
